

# 1. BUBBLE WRAP

Am G  
I know I should be stoppin' but I can't stop poppin' that bubble wrap, bubble wrap  
Am G  
It makes a funny sound when I squeeze it all around, that bubble wrap, bubble wrap  
F C  
Poppin' it is tough but I never get enough of that bubble wrap, bubble wrap  
G F C  
I hear my mother call, but I've gotta finish all of that bubble wrap 'til it's gone

F C  
I should be doing homework now but it's POP POP POP  
F C  
I could ride my bike but it's POP POP POP  
F Am G  
I should clean my room and feed my puppy – POP POP POP POP POP

There's someone at the door, but I've got a little more of that bubble wrap, bubble wrap  
I know it's time to go but I've got another row of that bubble wrap, bubble wrap  
And when I think I'm done then I find another one on that bubble wrap, bubble wrap  
I've got a lot to do but I've gotta get through this bubble wrap 'til it's gone

I could be playing games right now but it's POP POP POP  
I should read a book but it's POP POP POP  
I could climb a tree or pet my kitty – POP POP POP POP POP

Am Am/F#  
Watching movies with my family when I went to get us all snacks and then  
G G#dim Am  
They had to wait for a real long time 'cause I got distracted somehow  
F G  
From the kitchen they could hear the sound of  
C C(b5) C  
POP POP POP, POP POP POP, POP POP POP, POP - It wasn't popcorn

F C F C  
I could be playing games right now I should clean my room  
F Am G  
I could pet my kitty, feed my puppy, ride my bike  
Am  
I know I should be stoppin' but I can't stop poppin'  
Am/F#  
There's someone at the door but I've got a little more  
F G C  
I hear my mother call but I've gotta finish all of this bubble wrap 'til it's gone

## 2. YOU ARE WHAT YOU EAT

(entire song is C – G – F – G)

I am tomato and you are to-mah-to  
I am potato and you are po-tah-to  
I can be sour and you can be sweet  
Whatever we are, we are what we eat

I am a pizza, you're a fajita  
I am salami, you are pastrami  
I'm enchiladas, you're empanadas  
I am burritos, you're a bag of Cheetos

Hey, don't you know-oh-oh, you are what you eat? (x2)

I am linguine, you're fettucine  
I'm ravioli, you're a cannoli  
I'm macaroni, you're rigatoni  
I'm minestrone, you're full of baloney

Hey, don't you know-oh-oh, you are what you eat? (x2)

I am some cheese and you are some peas  
I am some cherries, you are some berries  
I am a ham and you really jam  
I yam what I yam... spam spam spam spam

Hey, don't you know-oh-oh, you are what you eat? (x4)

### 3. SUNFLOWER SEEDS

(entire song is G – C)

1 for me, 2 for me  
3 for me, 4 for me  
5 for me, 6 for me  
7 for me... and 1 for you

2 for me, 4 for me  
6 for me, 8 for me  
10 for me, 12 for me  
14 for me... and 1 for you

3 for me, 6 for me  
9 for me, 12 for me  
15 for me, 18 for me  
21 for me... and 1 for you

4 for me, 8 for me  
12 for me, 16 for me  
20 for me, 24 for me  
28 for me... and 1 for you

5 for me, 10 for me  
15 for me, 20 for me  
25 for me, 30 for me  
35 for me... and 416 for you

#### 4. WHERE'S SATURDAY?

A

Monday mornin', and I'm back at school  
I wish it was the weekend, and I was in my swimmin' pool

F F E

F G E

Where's Saturday? So far away.

F F E

A

I've got those Monday mornin' blues

A

First class this mornin', had a spelling test  
I probably should have studied, but I needed my days of rest

D

A

Tried to sound all the words out, but it just wasn't workin' for me  
When I got my test back, sure enough, F-A-L-E

Where's Saturday? So far away.  
I've got those Monday mornin' blues

I could be out playin' basketball, climin' up a climbin' wall  
Ridin' on my new bike, goin' for a long hike  
Anything but history, poetry, geometry  
None of that gets in my head when I wish I was in my bed

Where's Saturday? So far away.  
I've got those Monday mornin' blues

(call/response)

Where's Saturday? So far away.  
I've got those Monday mornin' blues

## 5. PHONE

(riff notes: E, C B A, G F# E, B chord)

E

Riding on a plane for the first time ever, going to visit Gramma Sue  
Mom let me sit by the window, and wow, what an unbelievable view  
Flying through clouds, with mountains below me; the buildings and cars so small  
Canyons and lakes and rivers and fields; I was amazed by it all

A

B

I tried to show my mom, I tapped her on the knee

A

B

I pointed to the window and I said, "you gotta see."

A

B

A G

But she just wouldn't look and she grunted at me

F# E C B A G F# E B

'cause Mom was busy on her phone

My first time going to a hockey game and whoh, I really loved it a lot  
There were checks and dekes and saves and our team scored on a penalty shot

I tried to show my dad, I tapped him on the knee  
I pointed to the rink and I said, "you gotta see."  
But he just wouldn't look and he grunted at me  
'cause Dad was playing on his phone

Sometimes when I think about our future, I only see billions of ghosts  
For aliens come and destroy us all while we're checking our Facebook posts  
And the aliens will joke to each other that when our civilization fell  
We were all still staring at our little phone screens, and texting "LOL"

E

D

C

B (etc.)

Like zombies, the grown-ups, busy on their phones - Like robots, the grown-ups, playing on their phones  
Hypnotized, mesmerized, lobotomized drones  
Invasion of the body snatchers happened through our phones!  
Surrender now! Resistance is futile.

But what can I do, when I'm just a kid to make the grown-ups see what's going wrong?  
We could hide their devices or throw them all away, but they'll just buy a billion more before too long

There's nothing we can do; we have to let it be  
But the phone that I just got is really cool, you wanna see?  
There's games and apps and wait, was something bothering me?  
Well now, I'm playing on my phone

## 7. EVERYBODY'S WATCHING

D F#m Bm A D F#m Bm A G  
To be a bee or not to be a bee, that is the question I should have asked myself

F#m Bm G F#7 Bm G  
When I signed up for the school play, now I just can't go out that door

G D F#m  
I can't go on stage now, 'cause everybody's watching  
I can't go on stage now, 'cause everybody's watching

G D F#m G A D F#m Bm A etc.  
I can't go on stage now, 'cause everybody's watching me and I'm a bee

I feel so embarrassed to wear such a silly costume,  
with black and yellow stripes, wings on my arms and a stinger on my bottom  
I know they all will laugh at me and this play isn't meant to be a comedy

I can't go on stage now, 'cause everybody's watching  
I can't go on stage now, 'cause everybody's watching  
I can't go on stage now, 'cause everybody's watching me and I've gotta be a bee

I don't have any lines, I know, but still I have to project  
My teacher says I'm crucial to the plot, well I don't know, but here I go...

I'm going on stage now, and everybody's watching  
I'm going on stage now, and everybody's watching  
Hey, whaddya know, I'm on stage now and everybody's watching me  
My grandma's in the crowd, she's clapping so loud  
Mom and Dad are taking pictures, they're so proud

I go on stage again near the end, and back up right into the villain  
Then I sting him and I hear everybody start to cheer

Everybody's watching me, watching me  
It's okay if everybody's watching, 'cause everybody's watching (etc.)  
And all the world's a stage

## 8. FUN TIMES

(entire song is G – C – G – D – C – G)

I don't mind if I'm waitin' in line for the roller coaster  
I don't mind if I'm waitin' in line for the waterslide  
We're goin' on down to the new theme park  
Gonna be there 'til it's after dark  
I don't mind if I'm waitin' in line to wait in line  
I'll wait, I'll wait, 'cause I know it's gonna be great  
Fun times, fun times

I can smell all the food and I'm so glad to see  
All of the tasty treats I know are bad for me  
But I gotta get me some funnel cakes  
And cotton candy 'til my tummy aches  
When I'm home tomorrow I'll have broccoli  
But now, oh how you know I'm gonna mow  
Fun times, fun times.

Let's go ridin' on the bumper cars - (bass solo)  
Now we're goin' in the funhouse - (piano solo)  
I look funny in that mirror  
Up on the ferris wheel - (drum solo)  
Round and round, up and down

I'm gonna play a game so I can win a prize  
A purple stuffed iguana of gigantic size  
And all I gotta do is throw this ball  
Into a hoop just a little too small  
If I fail a dollar gets me three more tries  
I won, what luck, only cost me forty bucks  
Fun times, fun times

Down the waterslide! - (guitar solo)

Aw, it's time to go home now. Can we come back tomorrow?

## 9. TAKE A BATH

**E**            **B**            **E** etc.

Take a bath, take a bath

My mother always says, take a bath

My father always says, take a bath

My sister always says, take a bath

My best friend always says, take a bath

**C#m**            **A**

I don't want to get into that tub

**B**

I don't want to scrub scrub scrub

**C#m**            **A**

If I do, I may be clean but then

**B**

**E**

Soon enough, I'm gonna be dirty again

My neighbors always say, take a bath

My teachers always say, take a bath

The mailman always says, take a bath

The mayor called to say, take a bath

I don't want to get into that tub

I don't want to scrub-a-dub-dub

It may be strange, but all this dirt you see

Has become a special part of me

My favorite TV show was interrupted for a special announcement  
by the President of the United States of America

He said we're facing a national emergency

Then he called me out by name and he said,

Take a bath

## 10. I WANNA BE THAT GUY

**G** **Am7** **G** **D**  
Someday, when I grow up to be a man, who will I be inside?

**G** **Am7** **Em7** **D** **G**  
A man of strength, of courage and of hope; I wanna be that guy

I wanna be that guy, I wanna be that guy  
Who always does what he knows to be right; I wanna be that guy

Someday, when I look back on all I've done, what will I say of my life?  
That I gave the world the best I had to give; I wanna be that guy

I wanna be that guy, I wanna be that guy  
Who speaks the truth and holds his head up high; I wanna be that guy

Someone that everybody knows you can count on  
Someone that people know as kind  
Someone that people say, he really helped he out today  
You know I wanna be that guy

I wanna be that guy, I wanna be that guy  
Who's always willing to make a sacrifice; I wanna be that guy

Someone that everybody knows to be a good friend  
Someone that people know as nice  
Someone that people say, he made me feel good today  
You know I wanna be that guy

I wanna be that guy, I wanna be that guy  
Who loves his kids and is faithful to his wife; I wanna be that guy

**Em** **Am7** **Em** **D**  
Someday when I have my own family I hope those boys of mine  
**Em** **Am7** **Em7** **D** **G** **Em7** **D** **G** **C** **G**  
Will look up at me and say about their dad "I wanna be that guy" - I wanna be that guy

## 11. OKAY

E C#m7  
You tried so hard to keep us all safe and warm

F#m7 E  
You did the best you could. It's all good.

E C#m7  
We would come to your room through every thunderstorm  
F#m7 E  
And I'd hear you softly say, "It's okay."

E C#m7 B A E (etc.)  
When the thunder's so loud and I feel so afraid  
When the sirens are wailing and flashing all day  
When the cries of your pain just won't stop, I can say...  
E E/D# C#m7 A E  
"It's okay, it's okay." And it all fades away.

I know it's not okay.  
But you have no strength to fight. It's alright.  
I know things will never be the same.  
But I can still hear you say, "It's okay."

When the thunder's so loud and I feel so afraid  
When the sirens are wailing and flashing all day  
When the cries of your pain just won't stop, I can say...  
"It's okay, it's okay." And it all fades away.

D7add2 E D7add2 E  
It's okay to cry. It's okay to feel.  
D7add2 E  
It's okay... I know this is real.

E E/D# C#m7 A E (etc.)  
It's okay, it's okay... I'll love you always, etc.

## 12. HELLO

D G D G  
I'd travel 'round the world just to say "hello"  
D G D G  
I'd walk for miles and miles through piles of snow  
D Em7 D/F# G  
I'm gonna miss you so much when you go  
D Em7 D/F# G  
You're my best friend, but it's not the end, I know

D Em7 D Em7  
Good times – we will say "hello"  
D Em7 D Em7  
Bad times – we will say "hello"  
D Em7 D/F# G  
Any time – hello hello hello  
D Em7 D G (etc.)  
Any time is a good time to say "hello"

I remember all the times we'd laugh and play  
We'd have so many more if you could stay  
I know you have to go and this is the day  
We've been so close, now you'll be so far away

Good times, etc.

D A Bm G etc.

Any time is a good time to say (x4)  
Hello hello hello hello

Good times, etc.
